The image shows a promotional poster for the TEDD Annual Meeting 2018. The poster is purple and white, featuring a large '2018' and 'TEDD' logo. It lists the dates as October 24-25, 2018, at ZHAW, Wädenswil, Switzerland, with the website www.zhaw.ch/icbt/tedd. The main theme is 'ADVANCED IN VITRO MODELS ANALYSIS'. A satellite workshop titled 'ADVANCED IN VITRO MODEL VALIDATION' is also mentioned, focusing on 'SEGMENTATION AND HARMONIZATION THROUGHOUT THE DRUG DISCOVERY CHAIN' on October 24th. To the right of the poster is a list of confirmed speakers: Mark Ferrer (NCATS, USA), Stefan Przyborski (Durham University, UK), Martin Rausch (Novartis Institute for Biomedical Research, CH), Ernst Stelzer (Goethe University Frankfurt Main, DE), Dieter Ulrich (CSEM, CH), and Sylke Hoehnel (Sun Bioscience, CH). Below the speakers is a list of confirmed exhibitors: Promega, abc biopply (applied biomedical concepts), IMACTIV-3D, BACHEM, STEMCELL TECHNOLOGIES, and ThermoFisher Scientific. A call to action for exhibitors is provided: 'Call for exhibitors! Contact: info.tedd@zhaw.ch'.
